SUMMARY

As an ambitious and dedicated Computer Science major, I am actively seeking challenging internships to apply and expand my technical skills while contributing to innovative projects. With a solid foundation in programming, data structures, and software development, I am eager to engage in real-world applications of my knowledge. My passion for problem-solving and aptitude for teamwork make me a valuable addition to any dynamic tech environment. Committed to continuous learning, I am excited to collaborate with experienced professionals, learn from their expertise, and contribute fresh perspectives. Through coursework, personal projects, and extracurricular involvement, I have honed my ability to adapt, communicate complex ideas, and deliver results. I am prepared to embrace new challenges and make a meaningful impact as I grow in my journey as a future Computer Science leader.

EXPERIENCE

Sales associate H&M Group

March 2023 - Present, Farmington, CT

- Assisted customers in the selection of merchandise, upsold additional products and successfully processed transactions with cash, check, or credit cards.
- Provided exceptional customer service, ensuring a positive and personalized shopping experience for customers.
- Adapted to fast-paced retail environments, effectively managing peak shopping periods and handling customer inquiries.

Bicycle Technician / Teacher BiCi co.

June 2021 - January 2023, Hartford, CT

- Fixed bikes, provided maintenance, and organized tool inventory to ensure a safe and efficient repair shop for up to 50 bikes per day.
- Taught children and adults how to correctly maintain their bicycles and also taught them how to ride the bikes that they serviced.
- Led a program that gave free bicycles to children and teenagers in need.
- Helped with a program that gives bicycles to adults that had no transportation to get to their place of work.
